The graves of the dead soldiers were decorated by their living comrades in this city last Saturday—Decoration Day. But few old veterans there were to respond to the order of the captain of this G. A. R. Post, and these being too aged to make the long march to the graveyards were driven in automobiles and other vehicles. With Captain Geo. Beckerman issuing orders from an automobile in which himself and the flag bearer rode, the march proceeded over the streets of this city. The Ste. Genevieve Band furnished music for the occasion. The usual impressive ceremonies were conducted over the graves of their departed comrades.

Albert Freeman, an employee of Joseph Hauck, working at the Government works north of this city, was severely injured last Saturday morning while driving a mule at the quarry. Albert was driving a mule which was dragging empty cars back from the derrick up into the quarry, when the mule became frightened at some loaded cars which were coming down, and kicked the driver in the stomach. The kick knocked Albert across the track upon which the loaded cars were coming, in an unconscious condition. Four cars passed over the unfortunate man, breaking several ribs, breaking one leg in two places and inflicting many other wounds and bruises about the head and body. A doctor was called to the quarry and ministering to his many injuries the man was brought to the county farm. Albert is a native of Ellis Grove, Ill., but has been a resident of this city for some years, working at different places. We are informed that the injured man is progressing as well as can be expected under such conditions.
